GEZE F 1200+ window drive receives Iconic Award: Innovative Architecture

GEZE this year receives 'Best of Best' award for outstanding product design at the Iconic Awards 2020. In the 'Product' category, the Leonberg-based company impressed the jury with its innovative GEZE F 1200+ window drive. In the field of interior design and architecture, the coveted Iconic Awards 2020: Innovative Architecture are some of the most renowned awards. The award is granted by the German Design Council.

The Iconic Awards: Innovative Architecture panel of experts recognises projects from all branches of the architecture, construction and real estate sector as well as the manufacturing industry. GEZE submitted the new F 1200+, a smart window drive. The GEZE F 1200+ makes child's play of opening large turn-and-tilt windows automatically or manually. "GEZE sets high expectations on all its products in terms of design and functionality. The 'Best of Best' award for the GEZE F 1200+ impressively demonstrates this, and highlights our quest for innovative product design," says Hannes Klockenhoff, head of Data Management and Marketing at GEZE GmbH.

Operate ceiling height windows conveniently and safely

High-quality office and residential spaces benefit from modern façades with floor level window elements. Ceiling-height glass fronts not only ensure contemporary building design, they also play a key part in spatial quality by allowing more light in and providing natural ventilation. Large turn-and-tilt windows with a leaf weight of up to 200 kilograms can be operated easily and conveniently with the GEZE F 1200+ drive. Fitted with the GEZE F 1200 fitting system, windows in the tilted position can be opened and closed automatically or manually. A quiet yet powerful motor gear unit reduces noise nuisance to a minimum. Thanks to its classy looks, the GEZE F 1200+ integrates perfectly into its surroundings.

Additional details about the GEZE F 1200+ and other product innovations can be found at GEZE's digital trade fair at <https://highlights.geze.com/>. Further information about the sales launch of the GEZE F 1200+ window drive can be found on the GEZE website.
